

**Dear Soldier:** Thank you so much for agreeing to welcome my flat traveler! If you would be so kind to host Flat \_\_\_\_\_, I am sure to make you smile. I promise not to be in your way, but if you need, fold me up and put me in your pocket, carry me along on your day, or put me under your pillow, and I will be here for you. As you will notice, I have traveled light and am only here to make you smile. I hope my picture will help you remember that we support you in the USA and anxiously await your arrival home.
