

Dear Friend,

It has been the privilege of the Peace and Global Witness partnership of the Atlanta Presbytery to host an International Peacemaker. Each year, the Peacemaker has been someone outside the United States who discusses Presbyterian issues in their own country, from their point of view.

This year, via Zoom the partnership will be hosting Rev. Dr. Helivao Poget from Madagascar.

Early in her career, Pastor Poget was assigned to work with the Federation of Protestant Churches in Madagascar (FFPM) where she directed the FFPM social center in Isotry, a poor neighborhood of Madagascar's capital, Antananarivo. She developed a "street ministry," living and sharing the gospel with the area's marginalized people – sex workers, drug addicts, street kids, street families.

She also teaches missiology at the FJKM Theological Faculty in Antananarivo and has pioneered a field research program for her students that exposes them to the realities of social problems such as poverty, violence and exploitation and equips them to address these challenges more effectively as pastors.

She is scheduled to discuss these issues and many more during her virtual presentation for three days in October. Dr. Poget will hold three separate sessions and you are encouraged to register for one of the three. Click on the link to the session you would like to attend. You will receive a confirmation of your registration which you must keep. This is your ticket to join the session. There is no charge for attending any of the sessions. Please register for one session and keep your registration confirmation.
